PROJECTS

Sales Data Analysis & Dashboard | Python, Pandas, Matplotlib, Seaborn, Excel, Power BI

Nov 2024

- Collected and cleaned a **retail sales dataset** (10,000+ rows) using Pandas – handled missing values, removed duplicates, and standardized column formats for analysis.
- Created **bar charts, pie charts, and trend line graphs** using Matplotlib and Seaborn to visualize monthly revenue, top-selling products, and regional performance.

COVID-19 Data Trends Analysis | Python, Pandas, Matplotlib, Excel, Data Visualization

Jan 2025

- Loaded and cleaned **COVID-19 case data** from Our World in Data using Pandas; handled null values and filtered country-wise records for trend analysis.
- Plotted **line graphs and heatmaps** to visualize daily case trends, recovery rates, and death rates across 10+ countries using Matplotlib and Seaborn.

Student To-Do List Web Application | HTML, CSS, JavaScript

Mar 2025

- Built a **task management web app** where users can add, delete, and mark tasks as complete – data saved in browser **localStorage** so tasks persist on page reload.
- Designed a clean, **mobile-friendly UI** using CSS Flexbox with color-coded priority labels (High / Medium / Low) for easy task tracking.

CERTIFICATIONS

Foundation of Cloud IoT Edge ML (May 2025) | Cloud Computing – IIT Kharagpur (Jan 2024) | Internet of Things – NITTTR Chandigarh (Nov 2023) | Multicore Computer Architecture – IIT Guwahati (May 2023)

EXTRACURRICULAR ACTIVITIES

National Basketball Player | Basketball Federation of India (BFI)

India

State Team Player | Himachal Pradesh Netball Association

2016 – 2017

- Represented state and national teams at official tournaments under BFI; demonstrated **leadership, teamwork, and discipline** in high-pressure competitive environments.
